PUT YOUR SERVICE CENTER INTO OVERDRIVE.

Get your automotive service center connected with the next generation of commercial door systems from LiftMaster®.

LiftMaster®

ACCELERATE PRODUCTIVITY.

A complete LiftMaster® solution works seamlessly to improve connectivity and productivity. Get started with a system customized for your service center— optimal for heavy-industrial and high-cycle applications.

myQ®

Enables secure monitoring and control of your operator with a smartphone, tablet or computer.

Security+ 2.0

BUILT-IN SECURITY+ 2.0® RADIO RECEIVER

Provides increased security, ensuring that the door opens only for the individual pressing the remote.

CAR-DEALER MODE

Allows for full access to vehicles while saving facility energy. The door will remain at the mid-stop, even if it receives multiple "open" signals from incoming customers.

MAINTENANCE ALERT SYSTEM

Provides reminder to contact your LiftMaster Dealer for routine maintenance.

GEARHEAD HOIST (GH)
HEAVY INDUSTRIAL

Side mounts to the wall and includes a floor-level chain hoist to ease manual operation of heavy-industrial and high-cycle applications in an emergency or power outage.

HOIST (H)
GENERAL INDUSTRIAL

Side mounts to the wall and includes a floor-level chain hoist to ease manual operation in an emergency or power outage.

GEARHEAD TROLLEY (GT)
HEAVY INDUSTRIAL

Directly attaches to heavy-industrial and high-cycle standard-lift sectional overhead doors. For applications that require smooth operation with extended rail lengths, consider the HCTDCUL.
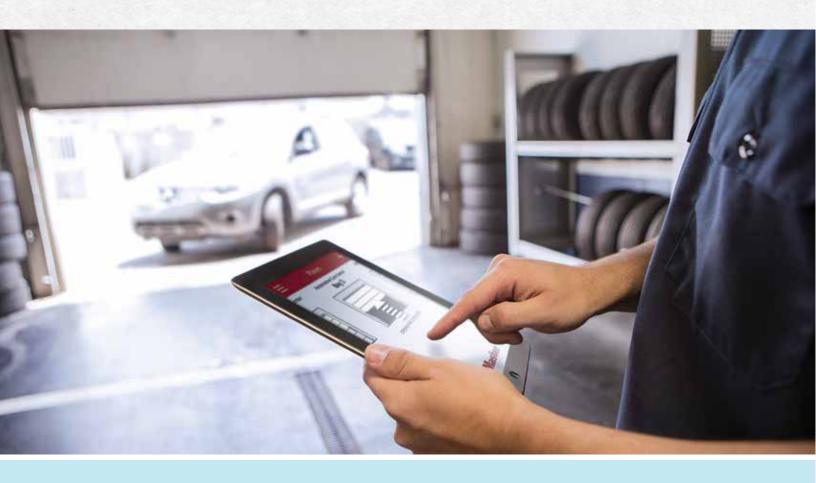

GET ACCESS ᴛᴏ ADDED VALUE.

Experience the many benefits of a complete LiftMaster® solution.

Enables secure monitoring and control of your operator with a smartphone, tablet or computer.

Increases the life expectancy of the door, reduces service costs and eliminates the potential for doors to raise too quickly or slam when being closed.

Reduces the opportunity for injury to occur when opening or closing a commercial door manually.

UNRIVALED AUTOMATION ᴀɴᴅ CONNECTIVITY SOLUTIONS.

Automate and connect your service center with a seamless, UL® 325-compliant solution for total facility access management, with the ability to manage your doors from anywhere.

myQ® MOBILE APP
Download the myQ mobile app and easily register your account at MyLiftMaster.com.

EASY SETUP
Alerts can be received as email or pop-up (push) notifications on a mobile device, ensuring the status of your commercial door.
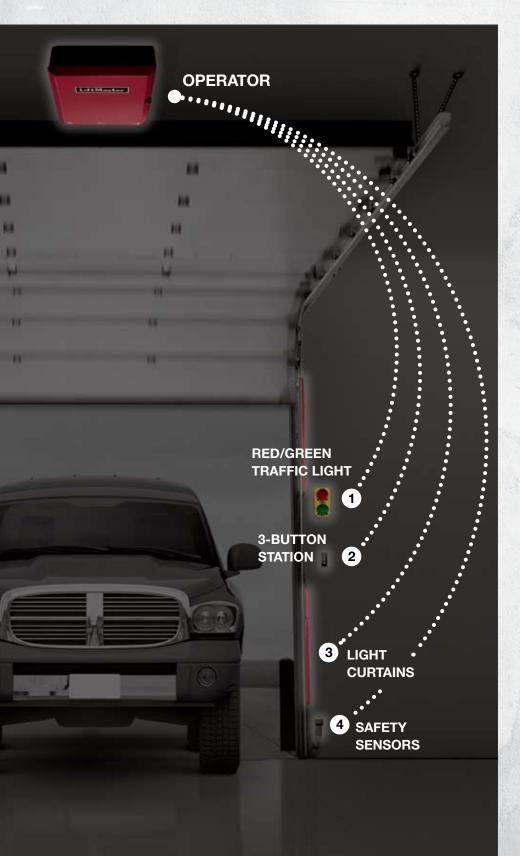

COMPLETE CONNECTIVITY
Connect easily to the Internet via your current business network.

ENHANCED SAFETY AND EFFICIENCY.

Elevate your door control with these accessories.

OPERATOR

RED/GREEN TRAFFIC LIGHT

3-BUTTON STATION

3 **LIGHT CURTAINS**

4 **SAFETY SENSORS**

1 RED/GREEN TRAFFIC LIGHT

Notifies you when the door reaches the open position and it's safe to enter or exit, eliminating the potential for costly accidents.

**2 3-BUTTON STATION WITH MAINTENANCE ALERT**

Allows you to open, close and stop the door quickly. An indicator light lets you know when it's time for routine maintenance.

3 LIGHT CURTAINS

Creates 22 infrared crossbeams to form an invisible zone of protection across the plane of the door.

4 SAFETY SENSORS

Will stop the door from closing if an obstruction is detected.

"THANKS TO LIFTMASTER®'S RELIABLE OPERATORS AND ACCESS SOLUTIONS, MY CUSTOMERS' VEHICLES GET IN AND OUT OF MY SHOP SMOOTHLY AND SAFELY, MAXIMIZING OUR UPTIME AND KEEPING MY CUSTOMERS SATISFIED."

LiftMaster's Commercial Solutions are robust systems designed to operate seamlessly, from the industry-leading brand that consumers trust.
